ULTIMATE VEHICLE WASH

A super-concentrated, highly-effective and time-efficient cleaning solution

Heavy Duty Vehicle Wash

Ultimate Vehicle Wash easily removes all types of dirt and grime from all areas of trucks, cars, boats, even trains. It works on all surfaces and will not adversely affect vinyl or cotton tarpaulins.

Super Concentrated Formula

With our highly concentrated product you achieve up to 1000 litres of washing solution for each 25 litre container. For large industrial applications we can produce 200L and 1000L containers on request.

A Fast, Effective Solution

Simply apply manually or ideally using a foamer or pressure washer, and rinse with water. Ultimate Vehicle Wash provides a stunning streak-free finish in under 15 minutes. This reduces labour costs and gets your vehicles on the road quicker.

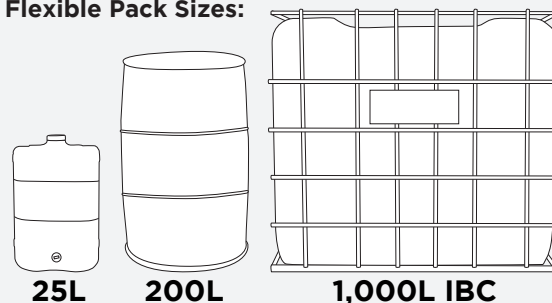

Recommended Application

We recommend Compressed Air Foamer for applying Ultimate Vehicle Wash. There are various options available, with many featuring a portable and durable design to allow for maximum efficiency.

GIVING YOU RESULTS

United Resource Management (URM) has introduced our premium heavy vehicle cleaner and degreaser **Ultimate Vehicle Wash**. URM have a large industrial fleet that require effective and fast cleaning turnaround from their many depot locations. **Ultimate Vehicle Wash** has provided fantastic results achieving cost, resource, and time efficiencies within their business.
