Safelock 2x5L packaging

Sanitiser

Meets Environmental Criteria

Suitable for use in food preparation establishments

Appearance = Clear liquid

Shelf Life = 1 year

### PRODUCT USE

Safelock Packaging is a sealed system to stop free pouring or spilling. DISHMATIC L must be used with a dispensing solution for maximum benefits.

For best results, use in conjunction with either RINSE AID or QUICK DRY.

DISHMATIC L is designed to be applied through an automatic dispenser unit with a warewashing machine.

It is generally recommended that DISHMATIC L be used in quantities varying from 1 to 3 mL per litre.

The quantities may vary according to individual requirements. The quantities may need to be increased in areas where the water is exceptionally hard.
