Fragrance free

Appearance = Blue liquid

Shelf Life = 2 years

Pack Size = 3 x 5L, 15L, 25L

PRODUCT USE

For best results, use in conjunction with either DISHMATIC L or GLAZE.

RINSE AID is designed to be applied in the rinse cycle of automatic warewashing machines through rinse injectors.

It is generally recommended that RINSE AID be used in quantities varying from 0.8 to 1.2 mL per litre.

The quantities may vary according to individual requirements. The quantities may need to be increased in areas where the water is exceptionally hard.

For Domestic Dishwashing machines RINSE AID can be manually added to the Rinse Aid Reservoir.
