PRODUCT INFORMATION

SHORE DET is a laundry detergent with water softeners, alkaline builders, solvents and optical brighteners which leaves laundry clean & bright with a fresh citrus scent.

SDS available from our website

PRODUCT USE

It is generally recommended that SHORE DET be used in quantities varying from 2 to 5 mL per kg of wash load.

Use SHORE DET in conjunction with the other products in the SHORE RANGE for a customised laundry solution. For detailed Laundry Programs please contact us.

The quantities may vary according to individual requirements. The quantities may need to be increased in areas where the water is exceptionally hard.
