

# TURBO SOC

## SUPERCHARGED OVEN CLEANER

*Breaks up and lifts away heavy build ups of grease & carbon deposits.*

### PRODUCT FEATURES & BENEFITS

- Powerful strength formula
- Premium performance
- Effectively cleans all oven surfaces
- Removes burnt on carbon

### PRODUCT INFORMATION

Caustic formulation with added solvents and surfactants to lift grease and carbon.

Safe on many commercial kitchen surfaces including deep fryers, cook tops and ovens.

SDS available from our website

### PRODUCT USE

**HEAVY DUTY:** Use neat.

**MEDIUM DUTY:** Dilute 1:3 with water.

**LIGHT DUTY:** Dilute 1:10 with water.

**OVENS:** Heat oven until warm and switch off. Apply TURBO SOC and allow to work for 5 to 10 minutes. Agitate the surface to break up the softened carbon deposits and grease, then wipe off and rinse with water.

**HOT PLATES & GRILLS:** Apply TURBO SOC to the warm surface. Agitate with a cloth or scourer and then rinse with water.

For tough soils or cleaning cold surfaces, apply TURBO SOC to the surface and leave for 20 min. Wipe or scourer the surface and rinse well with water.
