DEGREASING

ULTIMATE VEHICLE WASH

Heavy Vehicle Cleaner & Degreaser

Highly versatile and effective heavy duty vehicle wash that easily removes dirt, dust and general road grime leaving surfaces clean.

Our work with United Resource Management (URM) has included the introduction of our premium heavy vehicle cleaner and degreaser **Ultimate Vehicle Wash**. URM have a large industrial vehicle fleet that require effective and fast cleaning and turnaround out of their depot locations. **Ultimate Vehicle Wash** has provided fantastic results achieving cost, resource, and time efficiencies within their business.

Visit www.truebluechemicals.com.au/videos/ to see Ultimate Vehicle Wash in action.

PRODUCTS

WATER BASED

Touchdown

DEGREASER & HEAVY DUTY CLEANER

Water based solvent cleaner and degreaser for use on hard surfaces. Quick break degreaser and cleaner separates and works well in oil separation pits.

Mine Clean Plus

HEAVY DUTY CLEANER DEGREASER

Fast acting and fast breaking degreaser.

Liquidate

DEGREASER & HEAVY DUTY CLEANER

Heavy duty quick break degreaser and cleaner, and an excellent solution where waste water purity and spent oil and grease recover is critical.

SOLVENT BASED

Clearwater QBD

SOLVENT DEGREASER

Solvent system penetrates and solubilises heavy petroleum based deposits. Quick break degreaser and non flammable.

Cellar Clean

LOW ODOUR SOLVENT DEGREASER

Solvent system penetrates and solubilises heavy petroleum based deposits. Quick break degreaser, non flammable, and low odour.

BC Cretewash

ACID DETERGENT

Cleans off even heavy encrustations of concrete and is an excellent aid to the building industry.

TESTIMONIAL

"We were thrilled when they introduced **Liquidate**, after extensive trials to find an effective maintenance solution for both major Airports in Sydney.

Liquidate provides an excellent solution for easy removal of all problematic surface stains such as grease, hydraulic oils, food waste, residues, and grime which is essential at the Airport locations."

Sydney Airport, Airside Supervisor, City of Botany Bay Council

MADE TO ORDER

Made To Order products require 3-4 weeks production

ODOUR CONTROL

King Hit and **All Up** are used by one of Australia's largest waste solution companies, who find both products an ideal solution within their industrial environment. **King Hit** is used as a deodoriser and disinfectant for their broad range of waste solution equipment providing reliable results. **All Up** provides a great solution for masking environmental malodours.

PRODUCTS

King Hit

DEODORISER & DISINFECTANT

Exceeds TGA commercial grade disinfectant test, as heavy hitting deodoriser and disinfectant with appealing fruity fragrance.

Eucalyptus 80

DEODORISER & SANITISER

Dual action cleaner and deodoriser widely kills used where unpleasant odours are a problem. Concentrated commercial strength formula that sanitises, cleans and re-odourises in one operation.

Adzorba

ODOUR NEUTRALISER & SANITISER

Highly effective odour treatment which kills bacteria, removing unpleasant scents from many surfaces, and featuring vanilla fragrance.

Perform

DEODORISER & SANITISER

Formulated to target malodour found in a range of facilities, restoring freshness and leaving a floral spice fragrance.

All Up

HARD SURFACE CLEANER & DEODORISER

A powerful sanitising hard surface cleaner with pine fragrance. Kills bacteria with a special blend of oils and perfume compounds to neutralise and deodorise malodours.

Mask All

ODOUR CONTROL

Highly active liquid odour control agent with dual action as both sanitiser and deodoriser. Strong fruity fragrance.

We offer a broad range of odour control options to suit every fragrance preference such as french vanilla, floral spice and fresh alpine.

DUST SUPPRESSION

The control of airborne dust plays a vital role in managing and reducing airborne hazards in the workplace. If left uncontrolled, dust has the potential to:

- Exacerbate a range of respiratory diseases eg: asthma
- Reduce visibility leading to increased potential for accidents
- Slippage hazard created by deposited dust
- Negatively Impact surrounding communities health and surface cleanliness

Our dust suppression solutions deliver longer lasting dust control than water alone, and support safe work practices.

CASE STUDIES

ROCLA

Rocla manufacture engineering solutions for stormwater and sewerage piping, and manufacture onsite in New South Wales. Their manufacturing site has high levels of airborne concrete dust particles, and were previously using only a water tanker 8 times daily to reduce dust levels.

After introducing use of **Suppress CP20** they have significantly reduced labour and water costs, and halved the water tanker circulation to 4 times daily.

A great success story and improvement for Occupation Health & Safety standards.

PRODUCTS

Suppress CP20

POLYMER BASED DUST SUPPRESSION

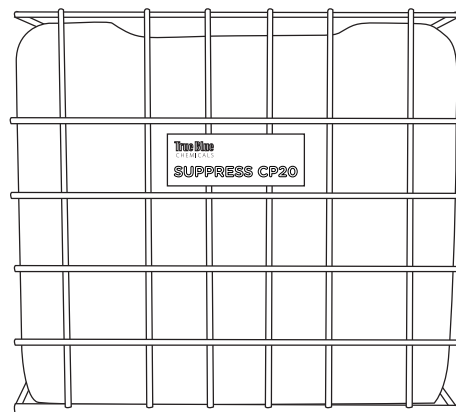

Features cross linked polymer technology to create film to reduce dust. Developed for use in above and below ground mine sites, on roads and graded tracks.

Suppress

SURFACTANT BASED DUST SUPPRESSANT

Surfactant permeates and sets into the substrate of all types of clay, coal and siliceous matter resulting in the material binding together achieving reduced dust in the air.

1,000L IBC

MADE TO ORDER

Made To Order products require 3-4 weeks production

FOOD PROCESSING

We offer experience to help increase food safety and product quality, enhance sustainability and improve operational efficiency for food processing, confectionery, dairy farmers and manufacturers of pharmaceuticals.

Our products are supported by comprehensive compliance documentation to assist during the audit process. We offer extensive knowledge and experience of the Food Standards Australia New Zealand (FSANZ).

Our many dispensing solutions to improve cleaning, correct dosing and health and safety standards.

Our work with a major confectionery brand who utilise many of our comprehensive compliance, support, and regulatory material. Our broad experience and product range means we can provide a total solution for all demands of large scale food processing production.

PRODUCTS

DFA100

FOOD PROCESSING DEGREASER

Concentrated foaming, degreaser that breaks down fatty grease build ups. Highly versatile and ideal for all kitchen surfaces.

FP128

HEAVY DUTY CLEANER

Caustic alkaline cleaner with a specialised surfactant blend for heavy duty cleaning.

Scale Off

DE-SCALING AGENT

Highly effective in cleaning and lifting lime scale, milkstone, rust and dulling from hard surfaces.

Wipe Out

FOOD GRADE SANITISER

Sanitiser that kills bacteria from hard surfaces. Highly versatile and effective as light duty spray and wipe for general hard surfaces.

Sanidet

GENERAL PURPOSE CLEANER & SANITISER

Sanitiser, which can be used as hand dishwashing liquid, hard surface cleaner and a spray and wipe cleaner.

Foam San

CLEANER & SANITISER

High foaming sanitiser and cleaner, featuring a chlorinated bleach and sanitiser.

Our products are all fragrance free to prevent risk of contamination

LAUNDRY

Our comprehensive range of laundry products and dispensing solutions fully service all of the individual needs of our industrial customers. We offer a combination of laundry powders and liquids with premium proven performance with a solution to suit every industrial site. Our products are cost effective and help support savings on power, water and electricity- all of which are vital for running a successfully industrial laundry.

PRODUCTS

LAUNDRY POWDERS

One Shot

PREMIUM LAUNDRY POWDER

Ultra concentrated laundry powder ideal for warm or cold wash with sanitising formula and available in sachets for easy dispensing.

Power

LAUNDRY POWDER

Non dusty laundry powder containing low foaming detergents, and clean fresh lemon fragrance. Ideal for heavily soiled industrial work wear.

Laundet

ECONOMICAL LAUNDRY POWDER

Highly effective phosphate free laundry powder ideal for both front and top loading machines. Removes stubborn stains from all fabric types, and suitable for both hot and cold washing.

SPECIALTY

Pre Stain

PREWASH STAIN REMOVER

Alkaline surfactant based formulation formulated for laundry pre-treatment.

Laundry SE

LAUNDRY EMULSIFIER

Concentrated heavy duty laundry emulsifier that removes all stubborn stains including inks, oils and fats. Effective in hot or cold water.

SHORE RANGE

Laundry range solution that provides customised clean and low re-wash.

Shore Det

LIQUID LAUNDRY DETERGENT

Concentrated liquid detergent formula designed for a range of machines, temperatures and fabric types. Provides fast and effective laundering every time.

Shore Break

LAUNDRY WASH ADDITIVE

High alkaline wash additive designed to break down grease and loosen dirt in fabric during the wash cycle.

Shore Sour

LAUNDRY NEUTRALISER

Concentrated liquid detergent formula designed for a range of machines, temperatures and fabric types.

JANITORIAL

We offer a premium range of janitorial cleaning solutions for all industrial requirements supporting compliance and safe work practices.

Our automated dispensers ensure correct dilution rates, and supported with safety data sheets and information on safe chemical storage and use.

PRODUCTS

Use All

ALL PURPOSE CLEANER

Versatile all purpose detergent which effectively cuts through grime, leaving surfaces free of grease and soil build ups. Economical and suitable for use on all washable surfaces found in many different environments.

Strike

GENERAL PURPOSE CLEANER

Cleans up grease and grime from hard surfaces, and may be used as a spray on wipe off formula.

B & N Window Cleaner

WINDOW CLEANER

Non streaking glass, window and mirror cleaner that penetrates and dissolves deposits of dirt, film, and oily stains. Achieves superior and durable finish on many polished surfaces.

Topaz

CREAM CLEANSER

Shines and protects a broad range of surfaces, this thickened cleaner adhere to vertical surfaces to make cleaning even easier.

Cert

MULTI PURPOSE CLEANER

Removes the most persistent and hard to move soils, with a broad field of application and aggressive cleaning action.

Pink Multiclean

MULTI PURPOSE CLEANER

Free rinsing liquid multi purpose cleaner suitable for a broad range of hard surfaces.

Graffiti Remover

GUM AND GRAFFITI REMOVER

Broad spectrum and effective on most solvent based stains. It can also be used to remove chewing gum, and adhesive residues from surfaces.

WASHROOMS

Good washroom hygiene within industrial environments will stop the spread of harmful germs and bacteria to other areas of the workplace.

Our premium industrial washroom products offer solutions across a range of environments including Mine Sites, Councils and other industrial venues, supporting employee health and safety.

Flagship products such as **Blue Lazer** and **Clean Kill** offer premium performance within any washroom environment with proven performance and reliability.

PRODUCTS

Blue Lazer

BATHROOM CLEANER

Commercial strength disinfectant, featuring new oceanic fragrance. Unique detergent system is highly effective and rapidly removes soap scum, lime, rust, and uric acid build ups.

Clean Kill

HOSPITAL GRADE DISINFECTANT & CLEANER

High foaming, grease releasing, Hospital Grade Disinfectant, featuring a super chlorinated bleaching and germ and mould killing ability.

Foam San

CLEANER & SANITISER

High foaming sanitiser and cleaner, featuring a chlorinated bleach and sanitiser.

HAND SOAPS

Shift Gel

INDUSTRIAL LIQUID HAND SOAP

Industrial hand cleaner with grit and solvents to remove tough grease stains, featuring a natural citrus fragrance.

Pamper

TOTAL BODY LIQUID CLEANSER

Cosmetically formulated premium hair and body shampoo, providing a luxurious lather and leaving skin clean and pleasant floral fragrance.
