Appearance = Red liquid

Shelf Life = 2 years

Pack Size = 25L

PRODUCT USE

For best results, use in combination with DISHMATIC L or GLAZE.

QUICK DRY is designed to be applied in the rinse cycle of Automatic Warewashing Machines through rinse injectors.

It is generally recommended that QUICK DRY be used in quantities from 1 – 3 mL per L.

The quantities may vary according to individual requirements. The quantities may need to be increased in areas where the water is exceptionally hard.

For Domestic Dishwashing machines QUICK DRY can be manually added to the Rinse Aid Reservoir.
